

# KonTiki

Dear all

KonTiki is a large scouting event, with troops from all around the province, that come together, and build a raft, which a team of 6-8 scouts will reside on for 24 hours. This is a huge event, and requires much planning, prep work and training in the weeks leading up to the event. As such, we will be hosting 2 prep camps, and completing a couple badges.

It is important to note, that scouts who show commitment, by attending the prep camps and putting in effort, will be first choice for the raft team.

The final date for handing in payment and consent forms will be 24 April.
